

# Shipton Reading Room Advice Form

Please put a cross in the box beside the direction you wish the Trustees to follow:

## Demolish and New Build

The trustees should spend several months and around £10,000 drawing up plans for a new hall and, with the assistance of planning consultants, challenge the views of the CDC planning department to enable us to achieve the demolish and rebuild option.

## Renovation and Extension of Existing Hall

The trustees should continue to try to get to a point where they have secured a fixed price quote from builders for the Renovation and Extension of the existing hall for which planning permission has already been granted.

IF you do **NOT SUPPORT** either of the above options please indicate this by leaving the boxes blank but use the comment box below to state your view and provide us with any further information you think might be useful to the Trustees (continue overleaf if necessary).
